

**LEFT OF CENTRE  
STRATEGIES**

Friday 11, September 2009

**THIS IS YOUR CHANCE TO BE AN ECO AWARE TOURISM OPERATOR**

We write to advise you of a unique opportunity to become the owner of two established resorts within New South Wales' National Parks.

An Expressions Of Interest advertisement will appear in the Domain section of the Saturday, 12 September 2009 edition of the Sydney Morning Herald for the purchase of two eco sensitive resorts. These eco sensitive resorts have been providing fun-filled traditional family holidays and distinctive conference facilities for years - if you want to play host then now is the time to act!

**Left Of Centre Strategies** is an experienced team in hotel and resort management and for several years we've worked with these resorts giving us an envied and complete understanding of the intricacies required to maintain the integrity of the eco friendly branding for properties based in National Park locations.

Please feel free to contact either Rod Hearn on 0414 337 578 or Rob MacSween on 0412 244 180 to discuss your resort and hotel management requirements.

Thank you.

Yours faithfully

Rod Hearn

Rob MacSween

*Left Of Centre Strategies stands to make no financial gain from the sale of any of these properties and is only interested in the Management contracts.*
